

**MEI Retrofits Verteq Wet Stations to provide better process control**  
***Retrofit provides performance enhancements***

**Albany, OR. December 21, 2006** – MEI LLC recently received an order to retrofit multiple Verteq wet stations used for immersion cleaning. MEI provides support via a long standing service contract at this site and has provided technical as well as engineering support/solutions. Winning repeated awards from this customer for outstanding execution and long term satisfaction ultimately secured this additional retrofit opportunity to improve the equipment.

**About MEI LLC**
